**Tosan Rahvar**

Manufacturer of electronic systems for kitchen appliances

Tosan Rahvar Ltd. Started activity in the field of electronic controllers for kitchen hoods, electric ovens, gas cooker timers etc. from 2007, and due to vast technical know-how and connection with domestic and foreign suppliers, started to produce locally most of the electronic parts related to the hoods, electric ovens and timers.

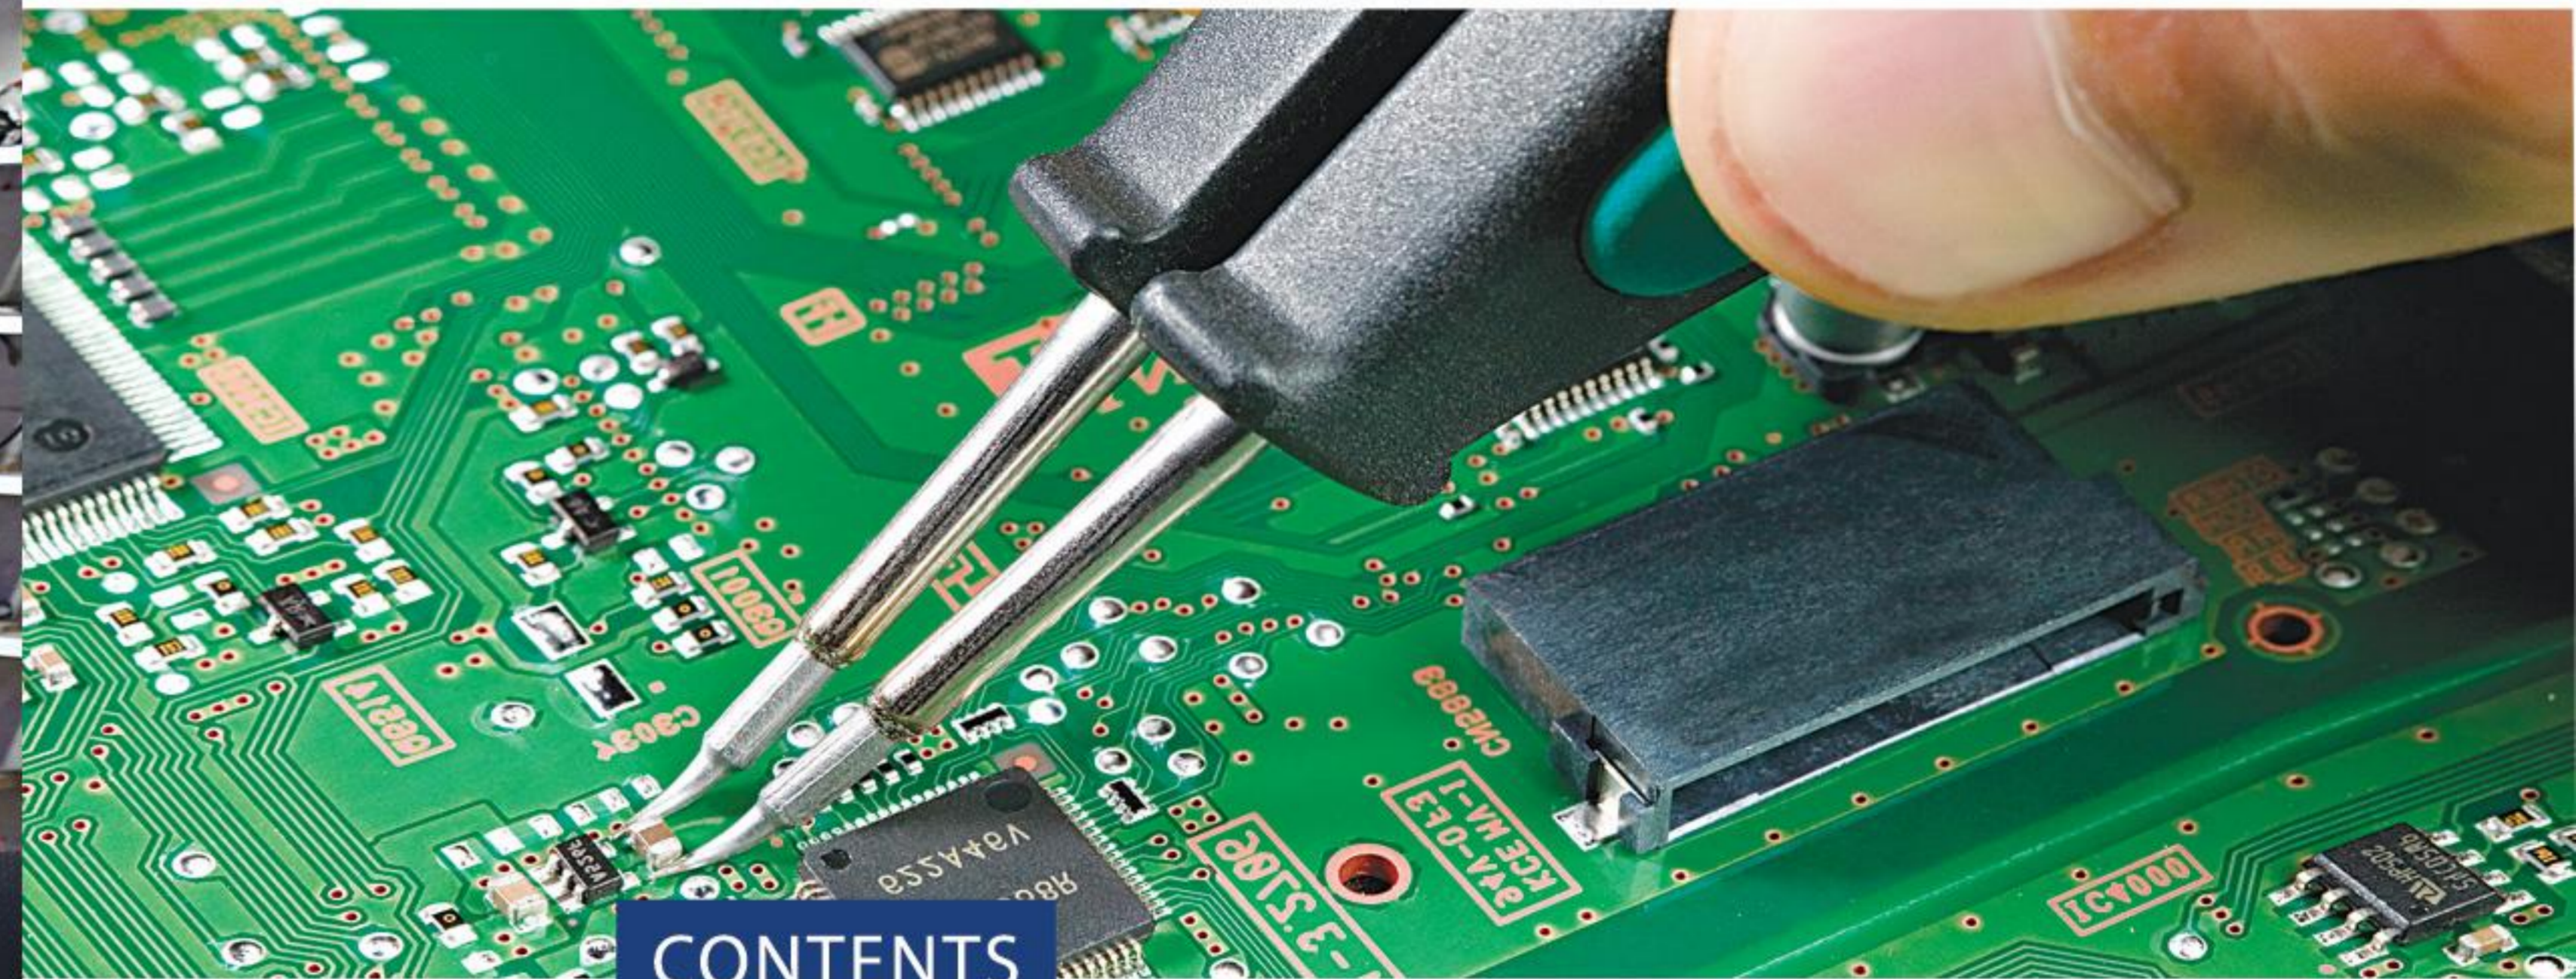

## Tosan Rahvar

Manufacturer of electronic systems for kitchen appliances

We are honored that after a decade of experience we are supporting the majority of the house hold appliance local manufacturers in Iran.

We have a well-equipped laboratory and all products are %100 quality controlled. Each product has test report according to international standards.

R&D department team, every month design new products with the highest technical quality.

Tosan Rahvar

**MQ-165**

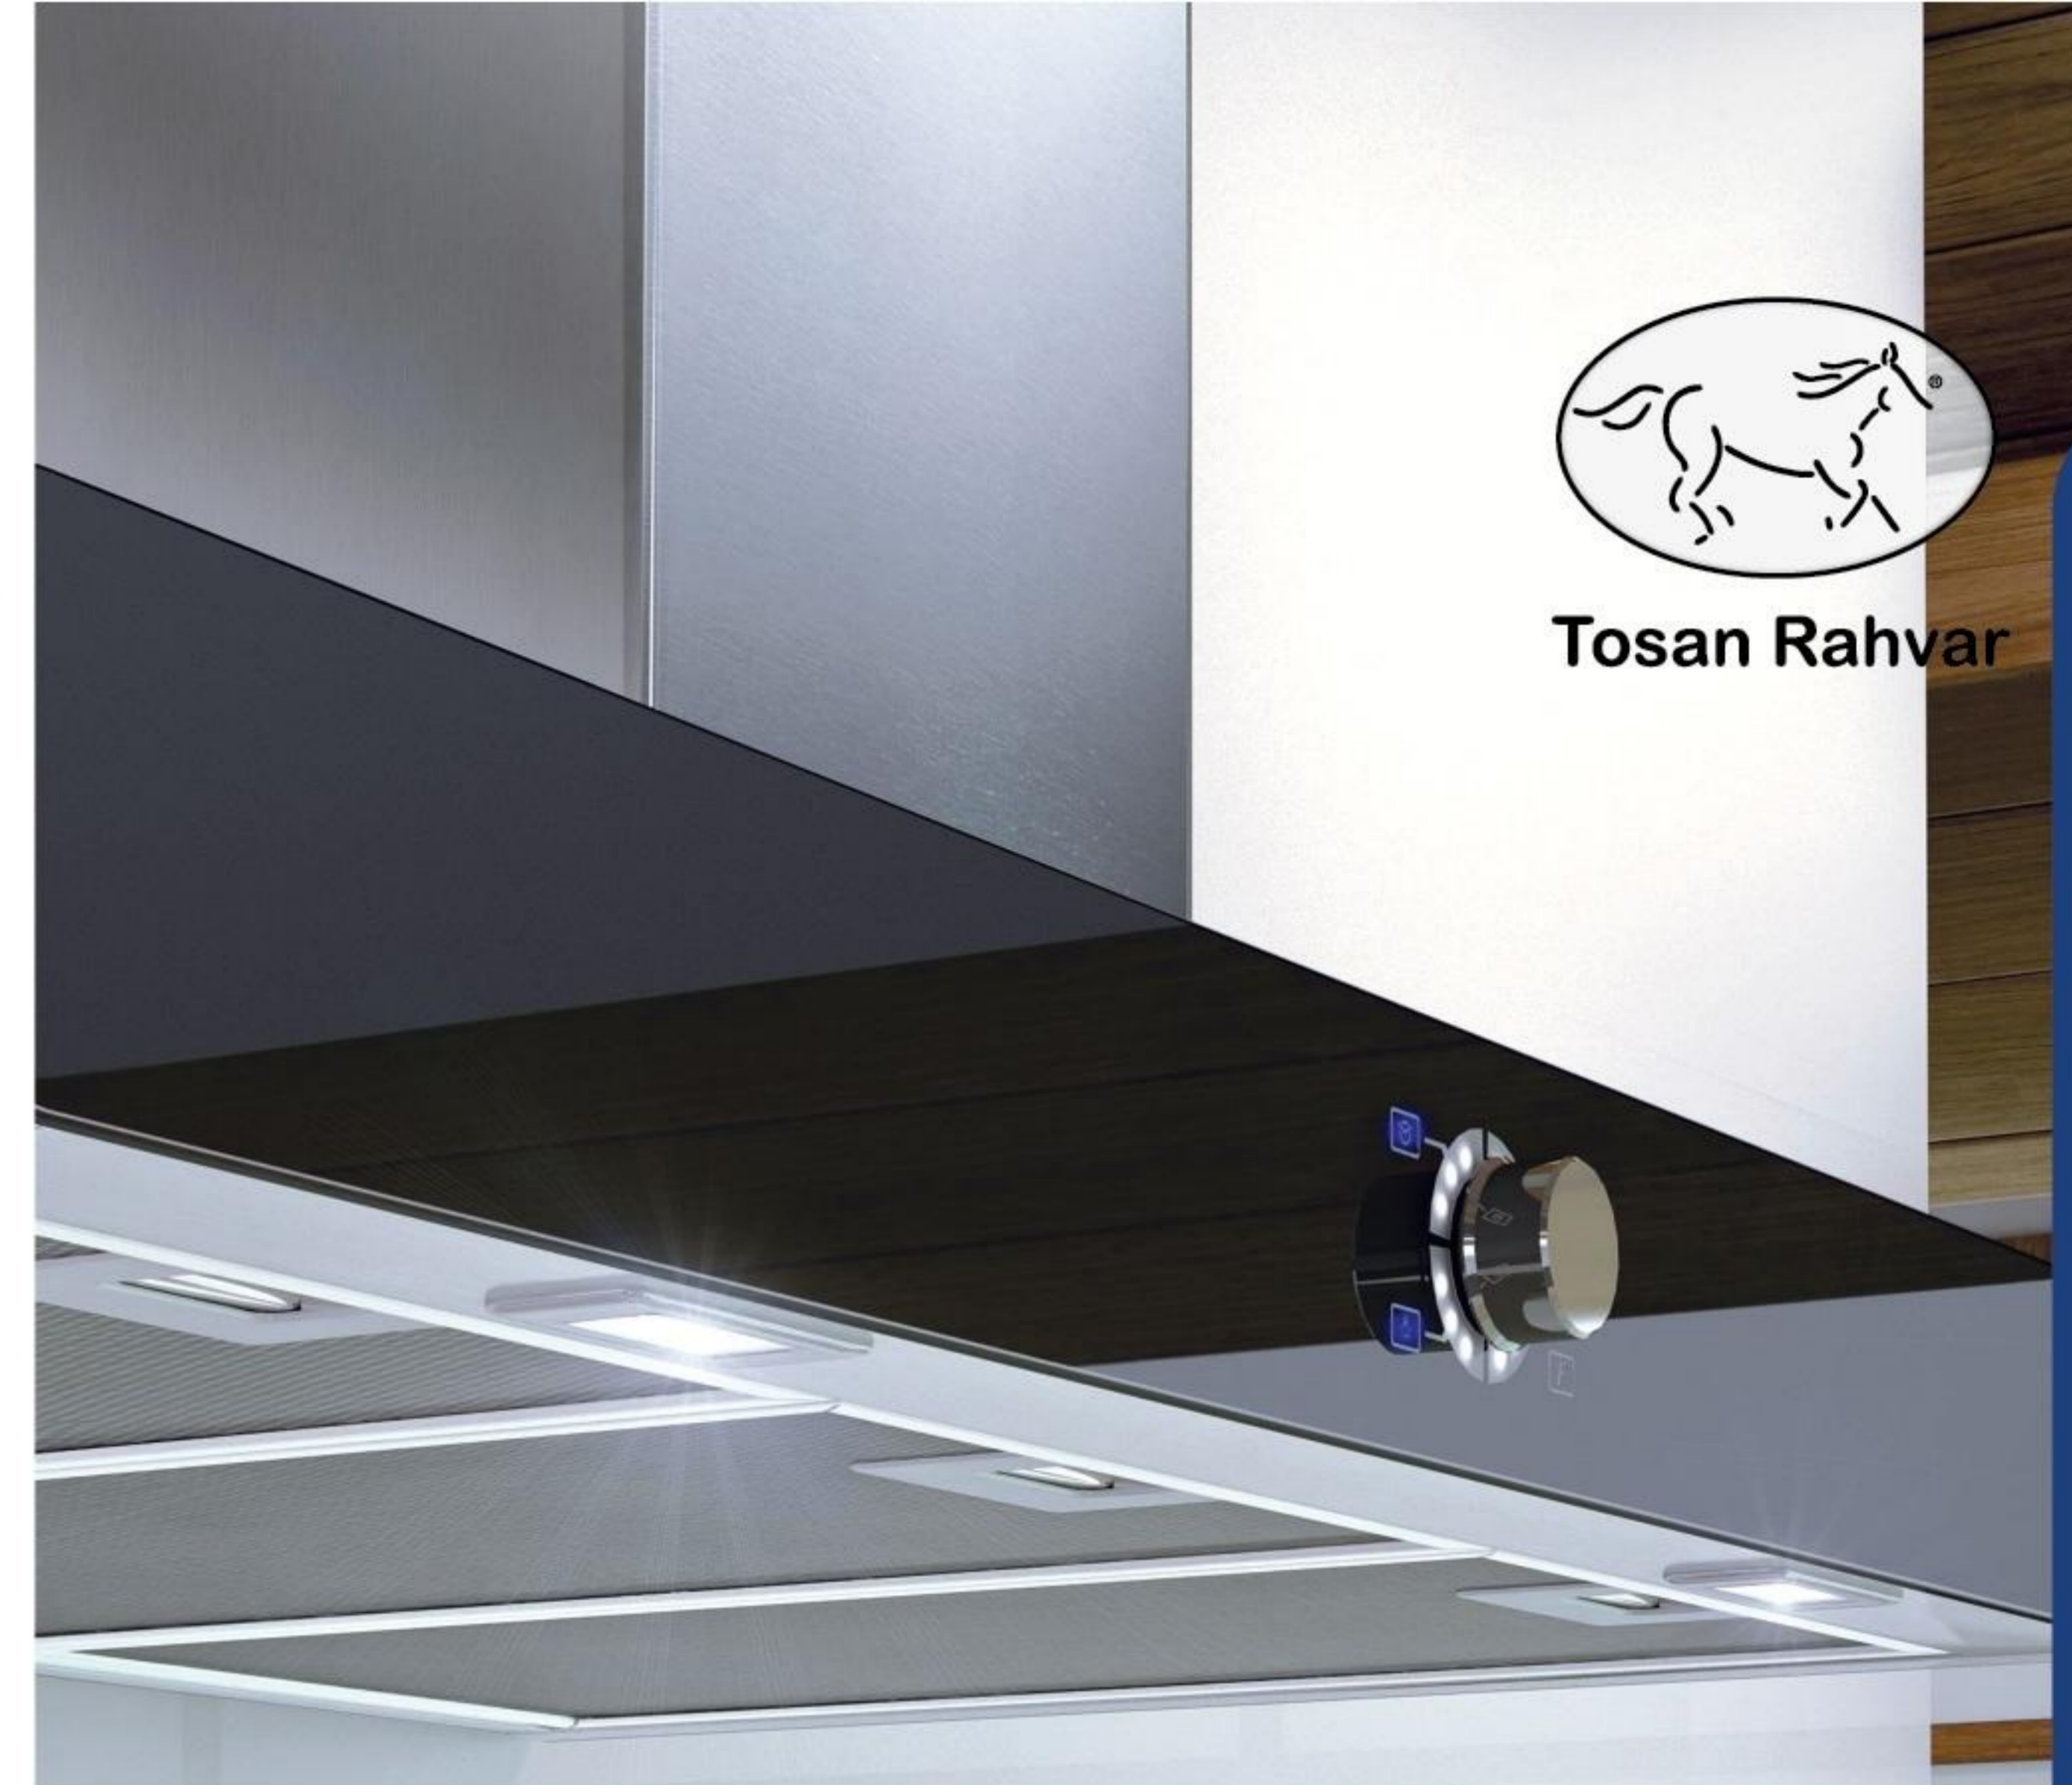

- 3 speed motor mechanical switches
- Lamp on / off with one button
- Power off with one button
- Humidity proof

**MQ-166**

- 4 speed motor mechanical switches
- Lamp on / off with one button
- Power off with one button
- Humidity proof

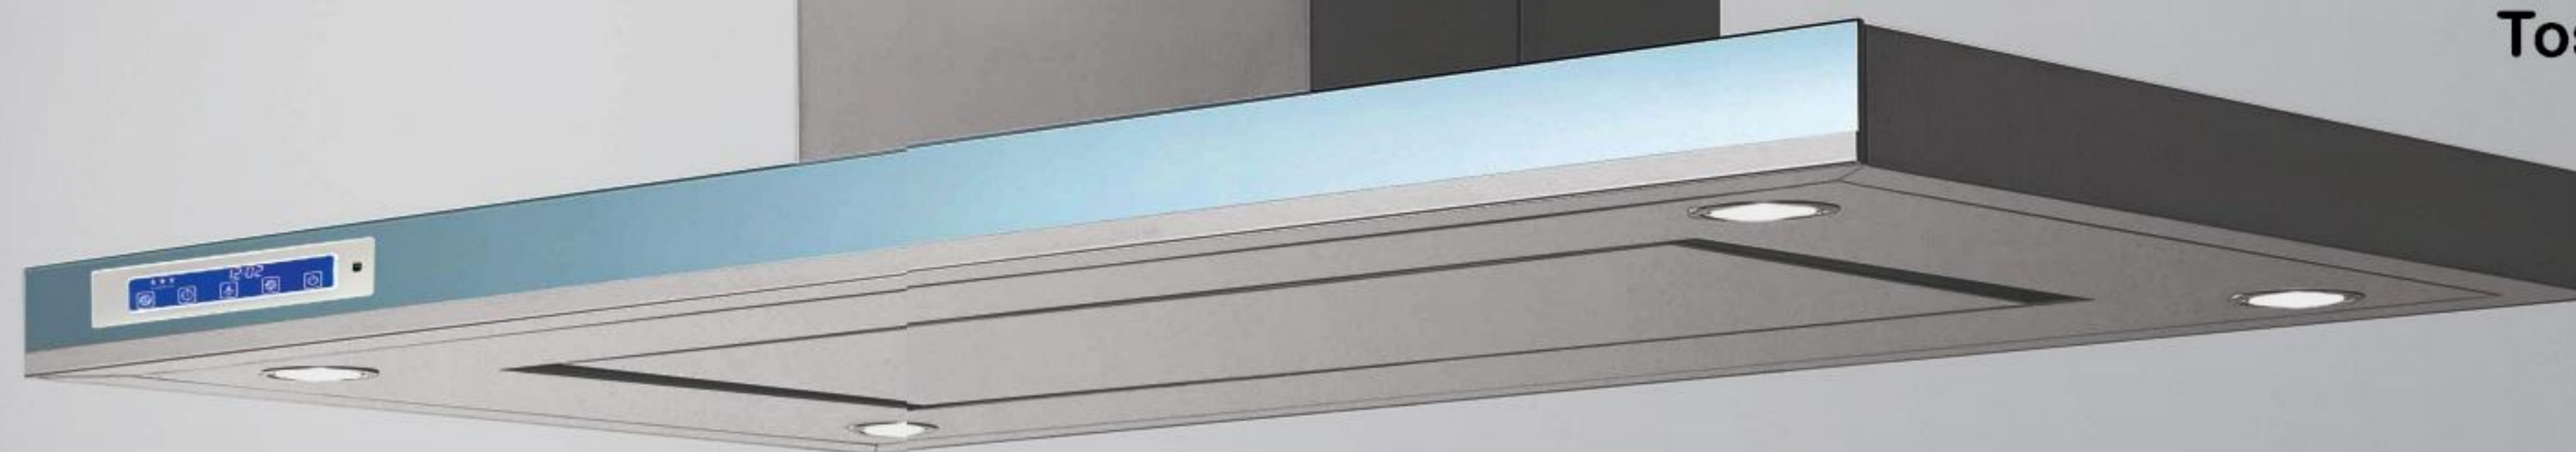

**1311- RKN**

- 4 speed controlled in steps
- Lamp controlled in steps
- Operating temperature: -10c / +85c
- LED logo ( optional )

Tosan Rahvar

### 61104-BG-US-R-A

- Touch screen display with frame
- 3,4 speed motor
- Adjustable timer up to 99 minutes
- Optional color display ( blue, red, orange, white)
- Clock function
- Lamp on / off with one touch
- LED logo ( optional )
- Stylish design
- Smoke / Gas sensor function
- IR remote control
- Logo on screen( optional )

Tosan Rahvar

### E15-R-A

- Finger touch switch
- 3,4,5 speed motor
- Number of touch keys: 6
- LED logo ( optional )
- Lamp on / off with one button
- Clock function
- Animation fan indicator
- Smoke / Gas sensor function
- Colorful display
- Adjustable timer up to 99 minutes

### LQ-1401-2-R-A

- 3,4,5 speed motor
- Number of touch keys: 5
- Colorful LED display
- LED logo ( optional )
- Adjustable timer up to 99 minutes
- Speed bar indicator
- IR remote control
- Smoke / Gas sensor function

Tosan Rahvar

LQ-1311-R-A

- 3,4,5 speed motor
- Number of touch keys: 3
- LED logo (optional)
- Adjustable timer up to 99 minutes
- Clock function
- IR remote control
- Smoke / Gas sensor function
- Stylish design
- LED colorful display
- Slide touch to change speed

LQ-1310-R-A

- 3,4,5 speed motor
- Number of touch keys: 5
- Adjustable timer up to 99 minutes
- Lamp on / off with one button
- Clock function
- IR remote control
- Smoke / Gas sensor function
- LED back-light

Tosan Rahvar

### LQ-AV-1402-R-A

- 3,4,5 speed motor
- Number of touch keys: 7
- Adjustable timer up to 99 minutes
- LED logo ( optional )
- LCD / LED display ( optional )
- Smoke / Gas sensor function
- IR remote control
- Lamp on / off with one button
- Clock function

### LQ-AV-1402-R-A

- 3,4,5 speed motor
- Number of touch keys: 7
- Adjustable timer up to 99 minutes
- LED logo ( optional )
- LCD / LED display ( optional )
- Smoke / Gas sensor function
- IR remote control
- Lamp on / off with one button
- Clock function

Tosan Rahvar

**026-FTK-LCD-R-A**

- 3,4 speed motor
- Number of touch keys: 5
- Adjustable timer up to 99 minutes
- Lamp on / off with one button
- Clock function
- IR remote control
- Smoke / Gas sensor function
- LED back-light
- Speed bar indicator
- Blue / orange LCD display

**026-FTK-LED-R-A**

- 3,4 speed motor
- Number of touch keys: 5
- Adjustable timer up to 99 minutes
- Lamp on / off with one button
- Clock function
- IR remote control
- Smoke / Gas sensor function
- LED back-light

Tosan Rahvar

**VRG-R**

- 3,4 speed motor
- Number of touch keys: 4
- Seven segment display ( Red )
- LED back-Light
- Timer function 3 minutes
- Lamp on / off with one button
- IR remote control
- Vertical / horizontal segment ( optional )

**LQ-1307-R-A**

- 3,4,5 speed motor
- Number of touch keys: 4
- Adjustable timer up to 3 minutes
- LED logo ( options )
- LED back-light
- IR remote control
- Smoke / Gas sensor function

LQ-V5-FT-R-A

- 3,4,5 speed motor
- Number of touch keys: 5
- LED logo ( optional )
- DOT matrix display
- Timer function 3 minutes
- Smoke / Gas sensor function
- IR remote control

71MM

- Course of Movement : 71mm
- Voltage : 12 VDC

65 MM

- Course of Movement : 65mm
- Voltage : 12 VDC

360 Degree

- Course of Movement : 360 degree
- Voltage : 12 VDC

#### LED-SMD-R

- Number of chips:12
- Specification of chips:3528
- Steel frame
- Voltage:12 VDC
- Color of light:cool white
- Power consumption: < 5w

#### LED-SMD-RS

- Number of chips:9
- Specification of chips:3528
- Steel frame
- Voltage:12 VDC
- Color of light:cool white
- Power consumption: < 5w

Tosan Rahvar

#### LED-SMD-C

- Number of chips:15
- Specification of chips:3528
- Steel frame
- Voltage:12 VDC
- Color of light:cool white
- Power consumption: < 5w
